SWAPA Response to B737 Max 8 & 9 Grounding

(DALLAS) — SWAPA respects the FAA’s decision to ground the 737 MAX fleet. We are very interested to learn about any new information or facts that have emerged since Sunday’s crash, which would have contributed to the decision. As we closely follow the investigation of Flight 302, we will continue our work with policymakers and regulators to ensure our commercial aviation system remains the safest in the world. The safety of our passengers, fellow crew members and the flying public is always our highest priority.
